MUFFAKHAM JAH
COLLEGE OF ENGINEERING AND TECHNOLOGY
(Estd. by Sultan-Ul-Uloom Education Society in 1980)
(Affiliated to Osmania University, Hyderabad)
(approved by the AICTE & Accredited by NAAC)

Action taken by the institution on the curriculum

Academic Year 2017-2018

Based on the analysis of feedback from students, alumni, employers, teachers, and parents, it was determined that stakeholders believed that a greater emphasis should be placed on using the most cutting-edge emerging technologies, such as artificial intelligence, machine learning, deep learning, and other innovative engineering solutions, to solve real-world problems. This would increase students' employability as a whole and prepare graduates to take on challenges. The students believed that cutting-edge technology disciplines like Cyber Security, Human Computer Interaction, and Python programming should be included because they will be beneficial for further education and employment chances.

1. Department organized a workshop on Augmented Reality
2. Expert talks were arranged for students Ethical hacking and Cyber security
3. Department organized a workshop on Sixth Sense Robotics
4. Internship is made mandatory for students are asked to do in reputed organization.
5. An expert talk was conducted on " Conceptual Learning on Artificial Neural Networks"
6. Industrial visits were carried out by departments to various private and government sector organizations.
7. A Two Days National Level Students Technical Festival "ADSOPHOS 2018" was organized for students to demonstrate their curricular and co-curricular activities.
