

My Profile

Dr. Sher Mohammed Khan, currently working as Assistant professor in the dept. of English at Muffakham Jah College of Engineering and Technology, Hyderabad obtained his Ph.D. in English from Osmania University, Hyderabad in 2019. He has been associated with MJCET for the last 18 years and is committed to fostering interactive and inclusive teaching and learning environments. He consistently motivates students to transcend their language barriers and boost their confidence by honing excellent communication skills.

Given the emerging trend of ICT in language learning, his interest in technology grew, prompting him to engage in courses such as an AICTE-approved Faculty Development **Program on ICT in education**, emphasizing OER development. He also pursued professional development through courses like "**Using Educational Technology in the English Language Classroom**" by Iowa State University (OPEN), supported by the U.S. Department of State.. His dedication to developing language skills (LSRW) through interactive, inclusive and student-centered classroom mode is exemplified in the 14 papers he has published in various reputed journals. He also played a key role in establishing the Computer Assisted Language Learning (CALL) Lab in the English Department.

His book entitled "**SMS LANGUAGE AND CURRENT PRACTICES** "Analyses different kinds of abbreviations, symbols and acronyms used to compile SMS messages. It aims at improving students' comprehension of language structure and diversity of short messages and how the English language is being influenced by its various creative forms of messages. Notably, his doctoral research featured experimental methodologies, particularly in the design of interactive listening and speaking tasks aimed at concurrently enhancing students' oral and aural proficiency. He disseminated the findings of his research through paper presentations at international and national conferences, including those held at OU, MANUU, and HCU, among others.

Some of his areas of study and interest include Language Change, Emerging Trends in English Language Teaching, and Computer-Assisted Language Learning (CALL) Lab. He is also a member of Online Professional English Network (OPEN) Alumni Community of Practice and the Indian English Language Teachers' Association (ELTAI).
