

Dr. Shaik Khadar Vali

Dr. Shaik Khadar Vali, an accomplished academic and researcher, possesses a rich educational background and extensive experience in Mechanical Engineering. His journey began with a Bachelor's degree in Mechanical Engineering, followed by a Post Graduate degree in CAD/CAM. Delving deeper into his passion for the field, he pursued a Ph.D from JNTU, Hyderabad, specializing in the realm of “Composite Materials and their Applications”.

Currently serving as a Ratified Professor in the Mechanical Engineering Department at Muffakham Jah College of Engineering and Technology, Hyderabad, Dr. Shaik Khadar Vali brings a wealth of knowledge garnered from his six years of Industrial Experience and a remarkable three decades of teaching experience. His dedication to education is evident in his diverse involvement in teaching various courses across both undergraduate and postgraduate programs.

Dr. Shaik Khadar Vali's leadership qualities have been instrumental in his roles as the former Head of the Mechanical Engineering Department and Chief Coordinator of M.E./M.Tech Programs. Moreover, his expertise has been acknowledged by Osmania University, where he holds the esteemed position of a Recognized Supervisor. In this capacity, he mentors approximately eight research scholars, guiding them in their exploration of Composite Materials and Design Engineering.

His academic contributions extend beyond the classroom, with over 14 papers published in prestigious International and National Journals/Conferences. Dr. Shaik Khadar Vali's commitment to professional development is further evidenced by his membership in the Institution of Electronics and Telecommunication Engineers (ISTE), reflecting his dedication to advancing the field of Mechanical Engineering through continuous learning and collaboration.
