

Dr. Syed Ferhathullah Hussainy, a distinguished academician and administrator, is a graduate and postgraduate of Mechanical Engineering from Osmania University, Hyderabad. In 2017, he completed his Ph.D. in Mechanical Engineering from the same institution, solidifying his expertise in the field. With an impressive 32 years of experience in academia, Dr. Hussainy currently holds the prestigious position of Professor and Dean at Muffakham Jah College of Engineering and Technology (MJCET), Hyderabad.

Dr. Syed Ferhathullah Hussainy's contributions extend beyond traditional academic roles, encompassing various administrative responsibilities. He has served as the in-charge of Examinations at MJCET from 2003 to 2005 and held the position of Vice-Principal (Administration) from 2002 to 2012. Since 2007, he has been the Chief Superintendent of Examinations, ensuring the smooth conduct of examinations at the college. Additionally, he has served as the Dean of Administration and Student Affairs since 2013, overseeing critical aspects of campus life and student welfare. Furthermore, Dr. Syed Ferhathullah Hussainy has played a pivotal role in the accreditation process of MJCET, serving as a member of the college's accreditation team for bodies such as AICTE, NBA, NAAC, the Institute of Engineers, and University Accreditations. He also holds the responsibility of being the In-charge of All India Survey on Higher Education (AISHE), demonstrating his commitment to institutional excellence and compliance with regulatory standards.

Despite his demanding administrative roles, Dr. Syed Ferhathullah Hussainy maintains an active scholarly record, with over 12 papers authored in the field of Manufacturing Science and Production for reputable international journals and conferences. His dedication to advancing knowledge and research in his field is commendable. Dr. Syed Ferhathullah Hussainy's commitment to academia, administrative leadership, and scholarly contributions make him a highly respected figure within the academic community. His membership in professional organizations such as the Indian Society for Technical Education and the Institute of Engineers underscores his dedication to the advancement of education and engineering practice.
