Dr. S. IRFAN SADAQ

Dr. S. Irfan Sadaq, an accomplished academician and researcher, holds a Bachelor's degree in Mechanical Engineering and a Postgraduate degree in CAD/CAM. He furthered his academic pursuits by completing his Ph.D. from Mewar University, Rajasthan, India, specializing in the field of "Renewable Energy Source" within Mechanical Engineering. Currently serving as an Assistant Professor in the Mechanical Engineering Department at Muffakham Jah College of Engineering and Technology, Hyderabad, Dr. Sadaq brings with him a wealth of experience, boasting 15 years of teaching expertise. His dedication to academia is evident through his multifaceted roles within the department. He serves as the Single Point of Contact (SPOC) for NBA and NAAC work, ensuring compliance with accreditation standards. Additionally, he is actively involved in various initiatives such as the Unnat Bharat Abhiyaan, the Innovation and Incubation Center (IIC-MJCET), and the Anti-Ragging Committee, demonstrating his commitment to holistic development and student welfare. Dr. Sadaq also serves as a mentor in the SUK Hub and is the Incharge of the Undergraduate CAD/CAM Lab, facilitating hands-on learning experiences for students.

Dr. Irfan Sadaq's contributions extend beyond academia into the realm of research and innovation. He holds one Indian patent grant and has two patents published, reflecting his innovative contributions to the field. He has also played a significant role as a Co-coordinator for AICTE-ISTE refresher programs, fostering continuous learning and professional development among faculty members. As a member of prestigious organizations such as the Indian Society for Technical Education (ISTE) and the Institute of Engineers (IEI), Dr. Sadaq remains actively engaged in the academic community, contributing to its growth and advancement. His scholarly endeavors include the publication of over 40 papers in international and national journals and conferences, highlighting his research acumen and dedication to knowledge dissemination. Additionally, he has attended over 20 Faculty Development Programs (FDPs), Short Term Training Programs (STTPs), and refresher courses, further enhancing his expertise and staying abreast of the latest developments in his field.

Dr. S. Irfan Sadaq's passion for teaching, research, and innovation, coupled with his dedication to academic excellence and professional development, makes him a valuable asset to both Muffakham Jah College of Engineering and Technology and the broader academic community.
