AWS CLOUD CLUB

MJCET

Under the guidance of

CS&AI Dept MJCET

INAUGURAL CEREMONY

The AWS Cloud Club at MJCET, the first in Telangana, empowers students to build cloud computing skills through hands-on training, real-world projects, and expert-led workshops. The club provides access to AWS tools, helping members prepare for successful careers in the cloud industry.

During the inaugural event on 28th June 2024, Chief Guest Mr. Faizal Khan highlighted the significance of cloud skills, networking, and AWS resources. The governing body was introduced, dedicated to leading the club's initiatives and fostering collaboration.

Special thanks to the CS&AI Department, led by Mrs. Uma N. Dulhare, for their invaluable support in launching the club and promoting technological innovation at MJCET.

Honoring Dr. Uma N. Dulhare

Presenting a token of appreciation to

Mr. Faizal Khan

Meet our Captain, Syed Omer Shah, leading us into cloud innovation!

Introducing our Vice Captain, Danish Mohiuddin, always ready to uplift the team!

Presenting Ihsan Ilahi Maqbool, our Chief Coordinator, turning vision into action!

Introducing Maria Ashfaq, our dedicated Secretary and key organizer of the club!

Welcoming Unaisah Noor, our Chief
Representative, connecting us with the community!

Introducing Nameera Mohammed, our Technical
Coordinator, driving our projects forward!

Presenting Syeda Zoya, our diligent Treasurer,
expertly managing our resources!

Meet Zayab Ahmed, our Outreach Director,
forging partnerships and expanding horizons!

**Meet the dynamic Governing Body of the AWS Cloud Club at MJCET**

IMAGIFY 2.0

IMAGIFY 2.0, held on July 26, 2024, at MJCET, was organized by IEEE SMC MJCET in collaboration with AWS CC MJCET. The event focused on exploring the latest trends in artificial intelligence and machine learning, providing participants with both theoretical insights and practical experience. It successfully connected AI concepts with real-world applications and covered topics such as generative AI, prompt engineering, vision-language models (VLMs), an introduction to AWS services, stable diffusion, Bedrock, a hands-on session, and the AWS Party-Rock.

**Distinguished speakers sharing insights at the event**

**Prize Distribution by
Syed Omer Shah**

**An energized audience brought
excitement and curiosity to the
event!**

Meet the team which made Imagify 2.O a successful event!

ORIENTATION DAY

On August 17, 2024, the AWS Club held a key meeting at SU HUB from The event introduced the governing body, Execom, and core members, while discussing club rules focused on respect, humility, and confidentiality.

The AWS Club is structured into specialized portfolios, each led by experts to ensure smooth club operations. The Execom team manages technical and non-technical activities, with Syed Furqaan (Cloud Lead), Ikram Hyderi (Cloud Security Lead), Uzair Khan (Dev Lead), Mohammed Omer (ML Lead), Mir Nabeel (DS Lead), Imran Ahmed (IoT Lead), Bilal Hussain (Design Head), Abdullah Shareef (Marketing Head), Danish Asif (Events Head), Tuba Fatima (Media Head), and Afhamullah Shaik (Documentation Head). Core members support these leaders ensuring the club's growth and success.

United by passion, driven by innovation! The AWS Club team, committed to shaping the future of cloud computing together.

Leading with vision and purpose! The Governing Body of the AWS Club, guiding us toward cloud excellence and innovation.
