Sub: Permission to organize Value Added Course Workshop on Introduction to Machine Learning—Reg.

Sir,

I am pleased to inform that Value Added Course Workshop on "Introduction To Machine Learning" is scheduled for Computer Science students.

Schedule is as follows:

Date	6/3/21 to 10/3/21
Syllabus	**Day 1:** Introduction to Supervised Learning - Regression; Topics - Linear Regression; **Day 2:** Ridge Regression; LASSO; **Day 3:** Supervised Learning - Classification; Topics: K-NN, Decision Tree, Naive Bayes, Logistic Regression **Day 4:** Supervised Learning - Classification; Topics: Perceptron, Support-Vector Machines, Introduction to Neural Networks **Day 5:** Unsupervised Learning - K-means Clustering, PCA
Resource person	Mohammed ShabazHussain, Assistant professor, CSED;Mohammed Sharfuddin, Assistant professor,CSED.
Participants	II,III year students

So I request you to grant permission for the same.

12. Consolidated Report :

The Value Added Course Workshop was conducted for B.E (CSE) II&III year students of Computer science and Engineering and Technology. Machine learning (ML) is a type of artificial intelligence (AI) that allows software applications to become more accurate at predicting outcomes without being explicitly programmed to do so. Machine learning algorithms use historical data as input to predict new output values. Machine learning is a subfield of artificial intelligence, which is broadly defined as the capability of a machine to imitate intelligent human behavior. Artificial intelligence systems are used to perform complex tasks in a way that is similar to how humans solve problems.The students of B.E (CSE) II&III year students of Computer science and Engineering and Technology attended the Value Added Course Workshop and was completed successfully.

Students Feedback Summary Report for the Workshop "Introduction to machine Learning"

For the 5-Day Program on "Introduction to machine Learning" conducted in online mode during 6-3-21 to 10-3-21, feedback was collected from the participated Students through Feedback forms with the queries on clarity of contents, course contents fulfilling the expectations, planning of sequence of topics, illustration of contents with examples.
It was noticed that, the students were benefited from the participation in this course as 94% agree with the query of clarity of contents and course contents fulfilling the expectations. 92% students agreed with the query for planning of sequence of topics and 93% for the, illustration of contents. As such it can be concluded that this Workshop was very well taken by the IInd&IIIrd year Computer Science Engineering Students. .

12. Consolidated Report :

The Value Added Course Workshop was conducted for B.E (CSE) IV year students of Computer science and Engineering and Technology.The purpose of research is to enhance society by advancing knowledge through scientific theories, concepts and ideas. A research purpose is met through forming hypotheses, collecting data, analyzing, etc. It summarizes the research study's specific topic and goals, providing students with an accurate, concrete understanding of the findings, the purpose of research and its characteristics.The students of B.E (CSE) IV year students of Computer science and Engineering and Technology attended the Value Added Course Workshop and was completed successfully.

Sub: Conduct of Value Added Course Workshop on Blockchain technology--regarding

It is to inform that theBlockchain technology is ideal for delivering the information because it provides immediate, shared and completely transparent information stored on an immutable ledger that can be accessed only by permissible network members. Socomputer science and engineering students need to be aware of these techniques. You are requested to design syllabus and organize a Value Added Course Workshop to our Computer Science students and inform us the date and schedule.

Thanking you.

Sub: Permission to organize Value Added Course Workshop on Value Added Course Workshop on Blockchain technology—Reg.

Sir,
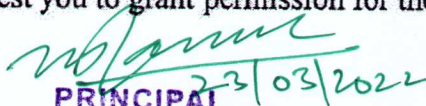

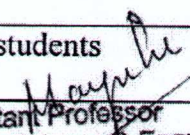

I am pleased to inform that Value Added Course Workshop on "Blockchain Technology" is scheduled for Computer Science students.

Schedule is as follows:

Dates	8/4/21,9/4/21,10/4/21,11/4/21,12/4/21
Syllabus	Day 1: Understanding Of Blockchain Technology And Cryptography Behind It. Day 2: Blockchain Architecture And Components Day 3: Bitcoin, Cryptocurrencies Day 4: Consensus Protocol,Smart Contracts Day 5: Demonstration Of Blockchain Applications
Resource person	Dr. Umar Farooq, Associate Professor,CSED, MJCET Mr .GRajesham,Asst Professor CSED,MJCET
Participants	B.E (CSE) II year students

So I request you to grant permission for the same.

12. Consolidated Report :

The Value Added Course Workshop was conducted for B.E (CSE) II year students of Computer science and Engineering and Technology. The purpose ofBlockchain is a shared, immutable ledger that facilitates the process of recording transactions and tracking assets in a business network. An *asset* can be tangible (a house, car, cash, land) or intangible (intellectual property, patents, copyrights, branding). Virtually anything of value can be tracked and traded on a blockchain network, reducing risk and cutting costs for all involved.The students of B.E (CSE) IIyear studentsof Computer science and Engineering and Technology attended the Value Added Course Workshop and was completed successfully.

Students Feedback Summary Report for the Workshop "Blockchain Technology"
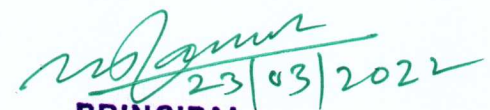

For the 5-Day Program on "Blockchain Technology" conducted in online mode during **8-4-21 to 12-4-21**, feedback was collected from the participated Students through Feedback forms with the queries on clarity of contents, course contents fulfilling the expectations, planning of sequence of topics, illustration of contents with examples.

It was noticed that, the students were benefited from the participation in this course as 92% agree with the query of clarity of contents and course contents fulfilling the expectations. 95% students agreed with the query for planning of sequence of topics and 96% for the , illustration of contents. As such it can be concluded that this Workshop was very well taken by the IInd year Computer Science Engineering Students.

Thanking you

Sub: Permission to organize Value Added Course Workshop on Value Added Course Workshop on Improving Communication Skills—Reg.

Sir,

I am pleased to inform that Value Added Course Workshop on "Improving Communication Skills" is scheduled for Computer Science students.

Schedule is as follows:

Dates	26-04-2021,27/04/21,28/4/21,29/4/21,30-4-21
Syllabus	Day 1: Cooperation, Competition, and Comparisons Day 2: Goal Setting Day 3: Trust Day 4: Deception Day 5: Effective Communication
Resource person	Mrs. FahminaTaranum Associate Professor, CSED Mrs. Naimoonisa Begum Asst. professor,CSED
Participants	B.E (CSE) I year students

So I request you to grant permission for the same

regarding

It is to inform that Data Analytics with R programming is an essential course designed for
data visualization and data exploration because it supports the creation of graphs and
diagrams. It includes the ability to create interactive visualizations and 3D charts and graphs
that are helpful for communicating with business users. So computer science and engineering
students need have knowledge of this course. You are requested to design syllabus and
organize a Value Added Course Workshop to our Computer Science students and inform us
the date and schedule.

Thanking you.

Mrs.Afreen Sultana, Associate Professor, CSED,MJCET

12. Consolidated Report :

The Value Added Course Workshop was conducted for B.E (CSE) II,III year of Computer science and Engineering and Technology. The purpose of Value Added Course Workshop is to learnExcellentvisualization capabilities to represent the data in pictorial form. A simple and effective programming interface to manipulate data and to devise self-learning algorithms.The best environment for statistical computations.Great documentation to provide in-depth explanations of every function and package. The students of B.E (CSE) II,III year studentsof Computer science and Engineering and Technology attended the Value Added Course Workshop and was completed successfully.

Department of Computer Science & Engg
Evaluation Form

title: _Data Analysis with R Programming_

Date: 11/9/20   Instructor: _Dr. K. Sridevi_

		Strongly agree				Strongly disagree
1.	How do you rate the key content of webinar.	1	2	3	4	5
2.	The program was well paced within the allotted time	1	2	3	4	5
3.	The instructor was a good communicator	1	2	3	4	5
4.	The material was presented in an organized manner	1	2	3	4	5
5.	The instructor was knowledgeable on the topic	1	2	3	4	5
6.	I would be interested in attending a follow-up, more advanced workshop on this same subject	1	2	3	4	5

9. Given the topic, was this workshop: ☐ a. Too short ☒ b. Right length ☐ c. Too long

10. In your opinion, was this workshop: ☐ a. Introductory ☒ b. Intermediate ☐ c. Advanced

Date 11/9/20   Signature

Thank you!
Please return this form to the instructor or coordinator at the end of the workshop.

Students Feedback Summary Report for the Workshop "Data Analytics with R programming"

For the 5-Day Program on "Data Analytics with R programming" conducted in online mode during 07-09-2020 to 11-9-20,feedback was collected from the participated Students through Feedback forms with the queries on clarity of contents, course contents fulfilling the expectations, planning of sequence of topics, illustration of contents with examples.
It was noticed that,the students were benefited from the participation in this course as 93% agree with the query of clarity of contents and course contents fulfilling the expectations. 94% students agreed with the query for planning of sequence of topics and 92% for the , illustration of contents. As such it can be concluded that this Workshop was very well taken by the IInd,IIIrd year Computer Science Engineering Students.

Thanking you
