Memorandum of Understanding between AICTE and Internshala to facilitate internships for students enrolled in AICTE approved academic institutions

This Memorandum of Understanding (MoU) is made & entered into on **27th April, 2017** between the **All India Council for Technical Education**, located at New Delhi (hereinafter referred to as "AICTE"), and **Internshala**, located at Gurugram (hereinafter referred to as "Internshala"). The MoU is being signed with Internshala as a partner to facilitate internships for students enrolled in AICTE approved academic institutions.

Purpose

This MoU between AICTE and Internshala will outline the collaboration to facilitate internships for students enrolled in AICTE approved academic institutions.

Where as

All India Council for Technical Education (AICTE) is a statutory body established by an Act of Parliament (Act 52 of 1987) under Ministry of Human Resource Development, Government of India for the purpose of planning, promotion, and regulation of technical education system in the country.

Where as

Internshala is India's largest internship platform used by 40,000+ organizations offering 4 lac+ internships every year. Internshala is incorporated as Scholiverse Educare Pvt Ltd with its registered office at B-809, Unitech Business Zone, South City-2, Gurugram, Haryana – 122018. On Internshala, students can find internships in all domains such as engineering, management, applied arts, architecture, design, law, hotel management, and so forth. Students can search and apply for internships listed on Internshala for free.

Context

AICTE is working to improve the employability of students and is planning to mandate internships for all the students enrolled in AICTE approved academic institutions. To facilitate internships for all such students, AICTE is exploring partnership with different stakeholders and has identified Internshala as a potential partner.

As part of this MoU, both the parties hereto agree to the following respectively:

1. Internshala

- Will, with the help of AICTE, get all the colleges affiliated under AICTE to register their students to Internshala

M. J. Khan
28/4/2022

PRINCIPAL
Muffakham Jah College Of
Engineering & Technology
Banjara Hills, Road No. 3,
HYDERABAD-500 034.(T.S.)

- Will make all the necessary resources (internships, free applications, counselling, and guidance) available to students registered through this partnership
- Will create success stories of the students landing internships successfully. Circulate these stories among other students through offline (newspapers) & online (videos/blogs posts on social media) media and appoint successful candidates as internship ambassador to help & guide their peers
- There are no financial implications involved between either Internshala & AICTE or Internshala & participating colleges as a part of this MoU.

2. All India Council for Technical Education (AICTE)

- Will acknowledge Internshala as **Internship Partner** in all external communications to the institutions and general public, including official press releases.
- Will send out communications to academic institutions under its purview to encourage/direct them to use Internshala for internships for their students.
- Will support media coverage to build awareness about internships among students by issuing press releases, success stories of students, internship trends & surveys from time to time.

In witness whereof, the parties hereto have caused this Memorandum of Understanding to be executed by their representatives in duplicate, each party retaining one (1) copy thereof respectively.

Accepted and Agreed:

to me

Dear Prof. Rajini Shiva,

Congratulations!

You have successfully registered 1084 students in total from your college on Internshala. Now every one of them has their own Internshala account through which they can apply to internships.

As a next step, **please ask your students to verify their registered accounts** by clicking on the verification link sent to their email ids. Only after verifying, the students will be able to apply to the internships of their choice and receive weekly internship updates.

Also, here are a few things you can do to make the most of your college's journey on Internshala:

- **Keep track of your students** - Log in to your student activity dashboard and view the overall report of your students' internship selections and registrations.
- **Share the quick-start guide** - To help your students make their first internship application on Internshala, we recommend checking out our quick-start guide and sharing it with your students.
- **Help students secure internships** - Check out the preparation kit which has a bunch of useful information for your students to help them successfully secure an internship.

Please let me know if you have any questions.

Look forward to a long-lasting association.

Many thanks,

to me

Dear Prof. Rajini Shiva,

Greetings from Internshala - India's largest internships and training platform.

It gives us immense pleasure to share that we successfully hosted our annual event - Internship Day'21 on 24th August this year ([see news](#)). During this four-month-long journey, we were able to provide 67,300+ summer internship opportunities to the students of our partner colleges across India.

To continue with our mission to equip students with relevant skills and practical exposure, we would like to associate with Muffakam Jah College of Engineering and Technology for this academic year (2021-2022) and provide meaningful internship opportunities to each student. Since your college is already registered with us, we would suggest uploading all your students' details (first to final year) for a free Internshala account for them.

To know more, please visit here - <https://internshala.com/i/CR1-cr5169>

Why associate with us?

- Get access to 4 lac+ internships in reputed companies (virtual/part-time/full-time/PPO internships, etc)
- Provision of bulk registration facility to register all your students in one go
- Get a personalized dashboard to track your students' progress and get weekly updates
- Conduct internship awareness sessions in your college with the help of our toolkit

The last date to register is **16th September 2021**. There are no charges involved.

Please do not share this email with your students, only college authorities are allowed to register.

We look forward to building a meaningful internship culture with your college.

Regards,
Muskan
Manager

Dear Prof. Rajini Shiva,

Greetings from Internshala!

We are now hiring students from your college for our flagship **Internshala Student Partner program (ISP 28)** - a program where your students get to meet their professional goals while developing essential skills like leadership, communication, and marketing.

Students can visit here to apply - internshala.com/i/isp28ur. The last date to apply is **18th March'22**.

College students from any degree, stream and year of study can apply for the program.

What's in it for your students?

- Professional growth while developing essential in-demand industry skills
- Prestigious letter of recommendation from Internshala
- Performance-based cash incentives, exclusive Internshala goodies, and much more

What will the selected students do?

- Help fellow students learn in-demand skills via Internshala Training
- Connect all students of their college with the most exciting internships and jobs
- Conduct internship awareness seminars (online/offline) in your college

There are no registration charges involved.

Kindly share this email with all your students to ensure maximum participation from your college.

Regards,
Muskan Wadhwa

to me

Dear Prof. Rajini Shiva,

Greetings from Internshala!

As we mark the end of the third edition of **Internship Day**, we express our sincere gratitude for being a part of this 4-month long journey. Congratulations on ranking 198 out of 1500+ participating colleges across India. Due to relentless efforts from faculty members like you in building a meaningful internship culture, we were able to help the students get selected for 67,300+ summer internship opportunities during this period.

As a token of appreciation, please find your well-deserved certificate here - [Download](#).

To celebrate this feat with your students and colleagues, please feel free to share it on your social media handles like LinkedIn, Facebook, Twitter, and others using the below content -

I'm delighted to share that our college participated in Internship Day 2021 hosted by Internshala, with 1500+ participating colleges. We will continue building a meaningful internship culture in our college. #SummerInternships #Internshala #InternshipDay2021

Also, I am happy to let you know the virtual award ceremony for this edition of Internship Day was organized on 24th August and it proved to be a grand success with over 800 training and placement representatives from around the country witnessing the ceremony. You may view the recording of the ceremony [here](#).

We would love to hear your feedback on how to make this journey even more engaging for future editions of Internship Day. I would request you to kindly spare 2 minutes of your time and share your feedback via filling [this form](#).

We look forward to hosting you again for the next edition of Internship Day!

This Memorandum of Understanding (MoU) is executed on this 4th day of December, 2017 between:

Cyient Limited represented by its **Ramanand Puttige, Vice President – Human Resources and Head – Global Talent Acquisition**, having its registered office at 4th Floor, 'A' Wing, Plot No. 11, Software Units Layout, Infocity, Madhapur, Hyderabad 500081, Telangana State, India, hereinafter called **First Party**

and

MUFFAKHAM JAH COLLEGE OF ENGINEERING & TECHNOLOGY, Hyderabad represented by its **DR. BASHEER AHMED**, advisor – cum- director hereinafter called **Second Party**

1. OBJECTIVES OF THE MoU

The objectives of this MoU is to empower the students of <College/Institution> with technical skills, behavioural competencies and industry-process oriented and enable them successful industry-ready, future-proof, deployable fresh talent enhancing their employability.

In order to help students acquire the required skills and to this intent, both parties propose to create a Train and Hire model by working together investing concerted collaborative efforts.

Sharing knowledge and capability and become trusted partners in the area of knowledge enrichment for mutual benefits.

2. PROPOSED TIMEFRAME

While both parties look forward for a long term relationship turning into win-win approach, the said agreement shall be in force and effect from the date of execution for an initial term of one (1) year and thereafter may be renewed every year on mutually agreed terms with reference to a periodic review. However, if the same is not renewed this arrangement will be deemed terminated on the expiry of the said duration.

Roles and Responsibilities of First Party:

1. Cyient shall shortlist the students through a rigorous selection process and share the list of shortlisted campus hires to undergo the training at the respective nodal centres.
2. Cyient shall share the detailed training curriculum, including day-wise schedule for each training track for which the campus hires need to undergo the training. Cyient shall share expected key learning outcomes of each training programme separately.
3. Cyient shall identify and validate the training partners /software trainers and support the college/institute in finalizing the indicative rate cards
4. Cyient shall monitor the performance of the identified campus shortlists by conducting necessary pre, periodic and post assessments at regular intervals. Representatives of Cyient shall visit the nodal centres with or without prior intimation to the colleges/institutes/campus shortlists.
5. To ensure Cyient way of imparting training and make the trainers conversant with the course material, Cyient will guide the identified training partners/college/institute. The Subject Matter Experts (SME's) and Technical team of Cyient will visit the nodal centre whenever and wherever required based on the convenience.
6. The colleges/institutes may recruit additional faculty for the T&H Program provided the SMEs of Cyient approves them.
7. Cyient will contribute both directly and indirectly for the success of the proposed T&H program. Assessment mechanism shall be strictly followed. All the students who fail assessment will have to further undergo a make-up/remedial classes at Cyient/Nodal centres. Cyient will not pay any additional cost incurred in this regard either to the college/student/training agency.
8. Cyient shall nominate SPOC(s) from their Learning and Development wing to guide, support, for program management and liaison with the SPOCs identified by the College/Institute.
9. Cyient shall issue a Provisional offer (PO) to the students who clear aptitude test, technical test, technical interview and HR interview. PO will enable a student to secure admission into a training programme.
10. Post Training, the successful students will be awarded with a certificate, jointly signed by both Cyient and College/Institute.
11. Final selection of campus shortlists will be based on successful completion of the training and clearing the final assessment conducted by either Cyient or a Third party (Certified by Cyient).
12. Cyient shall reimburse the course fee after successful completion of training, subject to the selection criterion i.e., clearing the final assessment and a minimum of 90% attendance at the training sessions.

PRINCIPAL
Muffakham Jah College Of
Engineering & Technology
Banjara Hills, Road No. 3,
HYDRABAD-500 034.(T.S.)

Roles and Responsibilities of Second Party

1. The College/Institute shall identify and nominate a single point of contact (SPOC) assigning with predefined KRAs to monitor all the activities pertaining to the proposed Train and Hire (T&H) initiative.
2. The College/Institute shall promote the T&H program so as to reach to the maximum possible extent in the student fraternity and encourage them to register for the selection communicating about the benefits of the program.
3. The identified SPOC shall support in organising the specific training programs as per the mutually agreed curriculum for the shortlisted students at respective nodal centres. The timelines, duration of the course and the financial aspects will be mutually agreed upon.
4. The College/Institute shall provide necessary infrastructure and resources for the smooth functioning of the said program such as Classrooms, Drawing halls, CAD/CAM Lab and IT Lab with sufficient workstations, authorized/licensed software tools, teaching aids, required internet connection bandwidth, LCD projectors, AV equipment and facilities like AC, UPS, Generator, Cafeteria, Transportation, Accommodation and Parking.
5. The SPOC shall conduct the assessments executed by either Cyient/by a third party (if any) as per the given schedule in order to achieve measurable Key Learning Outcomes of proposed training tracks
6. The College/Institute shall ensure minimum of 90% selection to joining ratio and it can be increased further based on mutual agreement.
7. The College/Institute shall support and honor conducting/participating in the Train and Hire model if the nodal center is assigned/identified as a common venue to a group of MoU colleges.
8. The College shall report the list of students enrolled in the programme and the fees collected from them periodically, as agreed by the parties.

Joint Responsibilities:

1. Areas of cooperation / collaboration will be identified jointly.
2. For each area of cooperation, the scope of work will be discussed and decided between SPOCs of both the parties indicating the scope, resources, facilities, test and evaluation etc., will be prepared and signed by both the parties.
3. Both the parties agree to maintain confidentiality of information and the release of any information will be with mutual agreement of both parties.

4. Neither party shall have any liability except what is expressly mentioned herein.
5. While executing a joint programme the expertise, software, hardware, data, etc available with either party will be made available till completion of the programme.
6. This MOU can be terminated with consent of the either party with twelvemonth prior notice and written information without any liability on each other.
7. The address for correspondence between two parties will be as under:

Commercials:

The college/ institution is free to publicise the involvement of Cyient in the training, however, the information provided by either parties shall be kept confidential.

Certification:

The certification issued at the end of the training shall not be considered as an academic qualification, but as an acknowledgement of successful completion of the course in a manner satisfactory to the trainers/ assessors. Cyient shall not be responsible for non-consideration of the certification by any other organization.

Intellectual Property Rights:

The course material prepared and supplied by Cyient, to the extent not prepared in joint involvement of the college/institution shall be the property of Cyient. It shall not be available for circulation among the students not in the programme, without the knowledge and approval of Cyient.

Circulation in contravention to the above clause shall be considered an infringement of IPR.

Limitations and Warranties:

While the training is a step towards increasing employability of the students, it is not a process of hiring of the candidates. Their hiring shall depend on the subsequent performance in the Hiring tests, HR interviews etc.

Force Majeure:

Neither party shall be in breach of this MoU if it is prevented from or delayed in carrying on its business by acts, events, omissions or accidents beyond its

reasonable control (a "Force Majeure Event") including (insofar as beyond such control but without prejudice to the generality of the foregoing expression) strikes, lock-outs or other disputes, failure of a utility service or transport network, act of God, war, riot, civil commotion, malicious damage, volcanic ash, earthquake, explosion, terrorist act, compliance with any law or governmental order, rule, regulation or direction, fire, flood or storm.

A party that is subject to a Force Majeure Event shall not be in breach of this Agreement provided that:

- a) it promptly notifies the other party in writing of the nature and extent of the Force Majeure Event causing its failure or delay in performance;
- b) it could not have avoided the effect of the Force Majeure Event by taking precautions which, having regard to all the matters known to it before the Force Majeure Event, it ought reasonably to have taken, but did not; and
- c) it has used all reasonable endeavours to mitigate the effect of the Force Majeure Event, to carry out its obligations under this Agreement in any way that is reasonably practicable and to resume the performance of its obligations as soon as reasonably possible.

Jurisdiction:

- a) This MoU and any dispute or claim (including any non-contractual dispute or claim) arising out of or in connection with it or its subject matter, shall be governed by, and construed in accordance with, the laws of India.
- b) Subject to the remainder of this clause, the parties irrevocably agree that the courts of India shall have exclusive jurisdiction to settle any dispute or claim (including any non-contractual dispute or claim) that arises out of or in connection with this MoU or its subject matter.
- c) In the event that any claim or dispute arises out of or in connection with this MoU, the parties shall, following service of written notice by one party on the other, attempt to resolve amicably by way of good faith negotiations and discussions any such dispute or claim as soon as reasonably practicable (and in any event within 14 calendar days after such notice or by such later date as the parties may otherwise agree in writing). If the parties are unable to resolve the dispute or claim in accordance with this clause, either party may commence proceedings in accordance with clause (b).

NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTH IN THIS MOU, THE PARTIES HERE TO AGREE AS FOLLOWS:

CLAUSE 1 CO- OPERATION:

- 1.1 Both Parties are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations within the Institution and its related wings. The Parties shall keep each other informed of potential opportunities and shall share all information that may be relevant to secure additional opportunities for one another.
- 1.2 First Party and Second Party co-operation will facilitate effective utilization of the intellectual capabilities of the faculty of First Party providing significant inputs to them in developing suitable teaching / training systems, keeping in mind the needs of the industry, the Second Party.
- 1.3 The general terms of co-operation shall be governed by this MOU. The Parties shall cooperate with each other and shall, as promptly as is reasonably practical, enter into all relevant agreements, deeds and documents (the 'Definitive Documents') as may be required to give effect to the actions contemplated in terms of this MOU. The term of Definitive Documents shall be mutually decided between the Parties. Along with the Definitive Documents, this MOU shall represent the entire understanding as to the subject matter hereof and shall supersede any prior understanding between the Parties on the subject matter hereof.

CLAUSE 2 SCOPE OF THE MoU:

- 2.1 The budding graduates from the institutions could play a key role in technological up-gradation, innovation and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.
- 2.2 Curriculum Design: F i r s t & Second Party will share valuable inputs to the in teaching / training methodology and suitably customize the curriculum so that the students fit into the industrial scenario meaningfully.
- 2.3 Skill Development Trainings: Industry and Institution interaction will give an insight in to the latest developments / requirements of the industries; the Second Party to permit the Faculty and Students of the First Party to visit its group companies and also involve in Industrial Training Programs for the First Party. The industrial training and exposure provided to students and faculty through this association will build confidence and prepare the students to have a smooth transition from academic to working career. The Second Party will provide its Labs / Workshops / Industrial Sites for the hands-on training of the learners enrolled with the First Party.

Memorandum of Understanding between AutoIDTrac Solutions and Services. Hyderabad

And Muffakham Jah College of Engineering and Technology

This Memorandum of Understanding (herein after referred to as MoU) is made on the 20th December 2019, between **AutoIDTrac Solutions and Services Hyderabad, India** which is incorporated in 2018 by with number 36ABQFA2573H1Z7 under Registrar of companies (ROC), Government of India, having Corporate office located at Malkajgiri, Hyderabad-500047, Telangana mentioned hereafter as "AutoID" on one part and **Muffakham Jah College of Engineering and Technology, Road No 3, Banjara Hills, Hyderabad** on the other part as partners for promoting the industry-academic interaction activities and to help achieve academic excellence of Muffakham Jah College of Engineering and Technology.

WHEREAS both AutoID and Muffakham Jah College of Engineering and Technology, Hyderabad, (herein after called 'parties') desires to carry out programmes for promoting industry-academic interaction, herein referred to as "Programme", jointly with the diligence and efficiency as desired within this MoU in conformity with appropriate administrative, financial and educational practices and implement all such plans and activities and reforms as required for the Programme.

WHEREAS AutoID and Muffakham Jah College of Engineering and Technology agree to enter into industry-academic interaction programmes and both the parties agree to enter into a MoU with the terms as follows.

OBJECTIVES OF INDUSTRY-ACADEMIC INTERACTION PROGRAMME

The major objectives for which the parties associate with each other are:

- a. To effectively share the facilities and expertise for improving the capabilities for advanced education and research.
- b. To facilitate academic and research interactions among employees of both Institutes.
- c. Increase the relevance of the academic research and consultancy in the research and product development initiatives at Muffakham Jah College of Engineering and Technology
- d. Collaborate to share and exchange information between both parties for mutual benefit and knowledge enhancement.
- e. To enable the use of laboratories and test facilities in Muffakham Jah College of Engineering and Technology on a preferential basis by AutoID and vice versa.
- f. To provide opportunity for students from undergraduate, graduate, and research scholars of Muffakham Jah College of Engineering and Technology to undertake industrial training and projects in AutoID for mutual benefit.

28/05/2022

PRINCIPAL
Muffakham Jah College Of
Engineering & Technology

HYDERABAD-500 034.(T.S.)

- g. To encourage the training of employees of AutoID in Continuing Education activities, Skill development activities and Subject up gradation workshops using the facilities of Muffakham Jah College of Engineering and Technology
- h. To provide expert faculty from AutoID for academic and training programmes of Muffakham Jah College of Engineering and Technology.
- i. To provide advice in formulating curriculum and syllabus of courses of Muffakham Jah College of Engineering and Technology by the experts from AutoID.
- j. To conduct joint/collaborate research and consultancy.

THE PROGRAMME

This MoU is to formalize joint programme activities that will help Muffakham Jah College of Engineering and Technology to enhance its research and educational capabilities, and AutoID in achieving its business objectives. The following activities are indicative of the types contemplated through this joint program:

JOINT PROJECTS

Faculty and Students from Muffakham Jah College of Engineering and Technology will participate in product development activities through projects sponsored by AutoID or through joint collaboration with AutoID and Muffakham Jah College of Engineering and Technology.

RESEARCH PARTICIPATION AND COLLABORATION

Visits of faculty, staff and students of Muffakham Jah College of Engineering and Technology, to AutoID facilities for consultations, meetings, short courses, and research participation will be encouraged and facilitated. In addition, consultancy tenures for summer or sabbatical periods may be sponsored when appropriate for longer-term collaboration.

STUDENT INTERNSHIPS AND EMPLOYMENT

Students will be encouraged to take advantage of the opportunities that exist at AutoID facilities to understand high technology research, development, manufacturing and marketing. Participation in programs that allow students to gain valuable experience and training as interns will be encouraged. However AutoID will have no obligation to hire the student interns from Muffakham Jah College of Engineering and Technology. AutoID will also provide mentoring to students chosen in concert with Muffakham Jah College of Engineering and Technology. These students will be mentored by experienced engineers from AutoID, who may also act as their project guides and advisors.

28/04/2022

PRINCIPAL
Muffakham Jah College Of
Engineering & Technology
Banjara Hills, Road No. 3,
HYDERABAD-500 034.(T.S.)

COURSES, SEMINARS AND WORKSHOPS

AutoID and Muffakham Jah College of Engineering and Technology will each other inform, and make available, on an "as-available" basis, slots to personnel in short courses, lectures, workshops and seminars conducted by them covering various areas of common interest. MuffakhamJah College of Engineering and Technology may also develop programmes and conduct courses for TNL personnel. TNL will also support Muffakham Jah College of Engineering and Technology, in the development and coordination of conferences and workshops in areas of mutual need and concern.

IMPLEMENTATION AND MONITORING

For implementation and monitoring of the programme, AutoID and MuffakhamJah College of Engineering and Technology also agree that:

- a. The interaction between AutoID and MuffakhamJah College of Engineering and Technology will be implemented by creating a Coordination Cell both at AutoID and MuffakhamJah College of Engineering and Technology.
- b. Each such cell will be headed by an employee by the respective Head of institution who shall be designated as Network Coordinator and whose main responsibility will be to execute and coordinate all activities envisaged under this MoU.
- c. AutoID and MuffakhamJah College of Engineering and Technology will constitute a Network Coordination Committee (NCC) for regular monitoring of the activities and achieving the set targets. The Committee will meet at least once in six months and review the progress.
- d. Notwithstanding this MoU, AutoID and MuffakhamJah College of Engineering and Technology will sign separate agreement for specific projects.

NON-DISCLOSURE OF CONFIDENTIAL INFORMATION

AutoID and Muffakham Jah College of Engineering and Technology also agree that they will abide by the non-disclosure of any confidential information exchange during the Programme.

28/01/2022

Muffakham Jah College Of
Engineering & Technology
Banjara Hills, Road No. 3,
HYDERABAD-500 034.(T.S.)

FINANCE

Regarding the financial arrangements during the Project implementation, AutoID and Muffakham Jah College of Engineering and Technology further agree to:

- a. Both the institutions will engage services of the existing employees for the Programme and no additional staff will be provided.
- b. Both the partners will utilize existing infrastructure for industry-academic interaction arrangement.
- c. All expenses in connection with implementation and monitoring such as TA/DA, boarding/lodging and conveyance of members will be borne by the respective institutions.

INDEMNITY

Both parties hereby indemnify and shall keep indemnified and protected the other party and their respective officers and employees from and against any claims or actions arising out of or in any way relating to the provision and implementation of the Programme as per this MoU.

DURATION

This MoU will be active for a period of Three years from the date of this MoU. It will be extended for further period by mutual consent.

TERMINATION

Either party has the right to terminate this MoU by giving ninety days written notice to the other party.

The two parties of this MoU agree to act in good faith and in a spirit of mutual understanding and accommodation to facilitate the achievement of goals set under the Programme.

- g. To encourage the training of employees of IPSS in Continuing Education activities, Skill development activities and Subject up gradation workshops using the facilities of Muffakham Jah College of Engineering and Technology
- h. To provide expert faculty from IPSS for academic and training programmes of Muffakham Jah College of Engineering and Technology.
- i. To provide advice in formulating curriculum and syllabus of courses of Muffakham Jah College of Engineering and Technology by the experts from IPSS.
- j. To conduct joint/collaborate research and consultancy.

THE PROGRAMME

This MoU is to formalize joint programme activities that will help Muffakham Jah College of Engineering and Technology to enhance its research and educational capabilities, and IPSS in achieving its business objectives. The following activities are indicative of the types contemplated through this joint program:

JOINT PROJECTS

Faculty and Students from Muffakham Jah College of Engineering and Technology will participate in product development activities through projects sponsored by IPSS or through joint collaboration with IPSS and Muffakham Jah College of Engineering and Technology.

RESEARCH PARTICIPATION AND COLLABORATION

Visits of faculty, staff and students of Muffakham Jah College of Engineering and Technology, to IPSS facilities for consultations, meetings, short courses, and research participation will be encouraged and facilitated. In addition, consultancy tenures for summer or sabbatical periods may be sponsored when appropriate for longer-term collaboration.

STUDENT INTERNSHIPS AND EMPLOYMENT

Students will be encouraged to take advantage of the opportunities that exist at AIPSS facilities to understand high technology research, development, manufacturing, and marketing. Participation in programs that allow students to gain valuable experience and training as interns will be encouraged. However IPSS will have no obligation to hire the student interns from Muffakham Jah College of Engineering and Technology. IPSS will also provide mentoring to students chosen in concert with Muffakham Jah College of Engineering and Technology. These students will be mentored by experienced engineers from IPSS, who may also act as their project guides and advisors.

COURSES, SEMINARS AND WORKSHOPS

IPSS and Muffakham Jah College of Engineering and Technology will each other inform, and make available, on an "as-available" basis, slots to personnel in short courses, lectures, workshops and seminars conducted by then covering various areas of common interest. Muffakham Jah College of Engineering and Technology may also develop programmes and conduct courses for TNL personnel. TNL will also support Muffakham Jah College of Engineering and Technology, in the development and coordination of conferences and workshops in areas of mutual need and concern.

IMPLEMENTATION AND MONITORING

For implementation and monitoring of the programme, IPSS and Muffakham Jah College of Engineering and Technology also agree that:

- a. The interaction between IPSS and Muffakham Jah College of Engineering and Technology will be implemented by creating a Coordination Cell both at IPSS and Muffakham Jah College of Engineering and Technology.
- b. Each such cell will be headed by an employee by the respective Head of institution who shall be designated as Network Coordinator and whose main responsibility will be to execute and coordinate all activities envisaged under this MoU.
- c. IPSS and Muffakham Jah College of Engineering and Technology will constitute a Network Coordination Committee (NCC) for regular monitoring of the activities and achieving the set targets. The Committee will meet at least once in six months and review the progress.
- d. Notwithstanding this MoU, IPSS and Muffakham Jah College of Engineering and Technology will sign separate agreement for specific projects.

NON-DISCLOSURE OF CONFIDENTIAL INFORMATION

IPSS and Muffakham Jah College of Engineering and Technology also agree that they will abide by the non-disclosure of any confidential information exchange during the Programme.

FINANCE

Regarding the financial arrangements during the Project Implementation, IPSS and Muffakham Jah College of Engineering and Technology further agree to:

- a. Both the institutions will engage services of the existing employees for the Programme and no additional staff will be provided.
- b. Both the partners will utilize existing infrastructure for industry-academic interaction arrangement.
- c. All expenses in connection with implementation and monitoring such as TA/DA, boarding/lodging and conveyance of members will be borne by the respective institutions.

INDEMNITY

Both parties hereby indemnify and shall keep indemnified and protected the other party and their respective officers and employees from and against any claims or actions arising out of or in any way relating to the provision and implementation of the Programme as per this MoU.

DURATION

This MoU will be active for a period of Three years from the date of this MoU. It will be extended for further period by mutual consent.

TERMINATION

Either party has the right to terminate this MoU by giving ninety days written notice to the other party.

The two parties of this MoU agree to act in good faith and in a spirit of mutual understanding and accommodation to facilitate the achievement of goals set under the Programme.

Memorandum of Understanding between Tech Next Lab (TNL) Private Limited

And Muffakham Jah College of Engineering and Technology

This Memorandum of Understanding (herein after referred to as MoU) is made on the 20th January 2020, between - Tech Next Lab (TNL) Private Limited which is incorporated in 2015 by EDA Industry experts under Registrar of companies (ROC), Government of India, under company Act 1956, having Corporate office located at Lucknow- 226 003, U.P., mentioned hereafter as "TNL" on one part and Muffakham Jah College of Engineering and Technology, Road No 3, Banjara Hills, Hyderabad on the other part as partners for promoting the industry-academic interaction activities and to help achieve academic excellence of Muffakham Jah College of Engineering and Technology.

WHEREAS both TNL and Muffakham Jah College of Engineering and Technology, Hyderabad, (herein after called 'parties') desires to carry out programmes for promoting industry-academic interaction, herein referred to as "Programme", jointly with the diligence and efficiency as desired within this MoU in conformity with appropriate administrative, financial and educational practices and implement all such plans and activities and reforms as required for the Programme.

WHEREAS TNL and Muffakham Jah College of Engineering and Technology agree to enter into industry-academic interaction programmes and both the parties agree to enter into a MoU with the terms as follows.

OBJECTIVES OF INDUSTRY-ACADEMIC INTERACTION PROGRAMME

The major objectives for which the parties associate with each other are:

- a. To effectively share the facilities and expertise for improving the capabilities for advanced education and research.
- b. To facilitate academic and research interactions among employees of both Institutes.
- c. Increase the relevance of the academic research and consultancy in the research and product development initiatives at Muffakham Jah College of Engineering and Technology
- d. Collaborate to share and exchange information between both parties for mutual benefit and knowledge enhancement.
- e. To enable the use of laboratories and test facilities in Muffakham Jah College of Engineering and Technology on a preferential basis by TNL and vice versa
- f. To provide opportunity for students from undergraduate, graduate, and research scholars of Muffakham Jah College of Engineering and Technology to undertake industrial training and projects in TNL for mutual benefit.

Principal
Muffakham Jah College of
Engineering and Technology
Banjara Hills, Road No. 3,
HYDERABAD-500 034 (T.S.)

- g. To encourage the training of employees of TNL in Continuing Education activities, Skill development activities and Subject up gradation workshops using the facilities of Muffakham Jah College of Engineering and Technology
- h. To provide expert faculty from TNL for academic and training programmes of Muffakham Jah College of Engineering and Technology.
- i. To provide advice in formulating curriculum and syllabus of courses of Muffakham Jah College of Engineering and Technology by the experts from TNL.
- j. To conduct joint/collaborate research and consultancy.

THE PROGRAMME

This MoU is to formalize joint programme activities that will help Muffakham Jah College of Engineering and Technology to enhance its research and educational capabilities, and TNL in achieving its business objectives. The following activities are indicative of the types contemplated through this joint program:

SOFTWARE INSTALLATION AND TRAINING

TNL will establish a TCAD lab in the ECE Department of MJCET by provided 10 user license of TNL Atomistic TCAD tools for semiconductor processor and device technologies free of cost. MJCET will provide the required server and systems and necessary support for the installation of these tools and nominate one faculty member as single point of contact(SPOC) who will receive free training from TNL and will coordinate on training and projects.

JOINT PROJECTS

Faculty and Students from Muffakham Jah College of Engineering and Technology will participate in product development activities through projects sponsored by TNL or through joint collaboration with TNL and Muffakham Jah College of Engineering and Technology.

RESEARCH PARTICIPATION AND COLLABORATION

Visits of faculty, staff and students of Muffakham Jah College of Engineering and Technology, to TNL facilities for consultations, meetings, workshops, short courses, and research participation as per the requirement. In addition, consultancy tenures for summer or sabbatical periods may be sponsored when appropriate for longer-term collaboration.

STUDENT INTERNSHIPS AND EMPLOYMENT

Students will be encouraged to take advantage of the opportunities that exist at TNL facilities to understand high technology research, development, manufacturing and marketing. Participation in programs that allow students to gain valuable experience and training as

NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTH IN THIS MOU, THE PARTIES HERE TO AGREE AS FOLLOWS:

CLAUSE 1 CO- OPERATION

- 1.1 Both Parties are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations within the **Institution** and its related wings. The Parties shall keep each other informed of potential opportunities and shall share all information that may be relevant to secure additional opportunities for one another.
- 1.2 First Party and Second Party co-operation will facilitate effective utilization of the intellectual capabilities of the faculty of First Party providing significant inputs to them in developing suitable teaching / training systems, keeping in mind the needs of the industry, the Second Party.
- 1.3 The general terms of co-operation shall be governed by this MOU. The Parties shall cooperate with each other and shall, as promptly as is reasonably practical, enter into relevant agreements, deeds and documents (the 'Definitive Documents') as may be required to give effect to the actions contemplated in terms of this MOU. The term of Definitive Documents shall be mutually decided between the Parties. Along with the Definitive Documents, this MOU shall represent the entire understanding as to the subject matter hereof and shall supersede any prior understanding between the Parties on the subject matter hereof.

CLAUSE 2 SCOPE OF THE MoU

- 2.1 The budding graduates from the institutions could play a key role in technological up-gradation, innovation and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.
- 2.2 **Curriculum Design:** First & Second Party will share valuable inputs to the in teaching / training methodology and suitably customize the curriculum so that the students fit into the industrial scenario meaningfully.
- 2.3 **Skill Development Trainings:** Industry and Institution interaction will give an insight in to the latest developments / requirements of the industries; the Second Party to permit the Faculty and Students of the First Party to visit its group companies and also involve in Industrial Training Programs for the First Party. The industrial training and exposure provided to students and faculty through this association will build confidence and prepare the students to have a smooth transition from academic to working career. The Second Party will provide its Labs / Workshops / Industrial Sites for the hands-on training of the learners enrolled with the First Party.

- 2.4 **Value Added Programs:** Second Party to train the students of First Party on the emerging technologies in order to bridge the skill gap and make them industry ready. Both Parties have agreed to carry out the joint research activities in the fields of Industrial Automation, Electrical design & drafting, Electric Vehicle, Renewable Energy, Software Domains and any technology domains that the Second Party has expertise through.
- 2.5 **Research and Development:** Both Parties have agreed to carry out the joint research activities in the above fields
- 2.6 **Guest Lectures & Faculty Development Programs:** Second Party to extend the necessary support to deliver guest lectures and coordinate Faculty Development Programs to the Staffs and student community, who have / will enroll with the First Party on the technology trends and in house requirements.
- 2.7 **Placement of Trained Students:** Second Party will actively engage to help the delivery of the training and placement of students into internships / jobs.
- 2.8 **Internship:** Second Party will engage and train the students as per the industrial demands in terms on Internship Programs
- 2.9 **Projects and Research Work:** Second Party will provide the necessary support to the student's community to complete their projects and the research works.
- 3.0 Job placement assistance for the students who join our long-term training course for 3 months.
- 3.1 For a limited number of students, who are willing to join us for a long-term internship, for a minimum of 6 months, will be provided with free training and placement after the completion of the tenure.
- 3.2 All or most of the above activities will be on chargeable basis, mutually agreed upon by both the parties.
- 3.3 Both Parties to obtain all internal approvals, consents, permissions, and licenses of whatsoever nature required for offering the Programs on the terms specified herein

CLAUSE 3 INTELLECTUAL PROPERTY

- 3.4 Nothing contained in this MOU shall, by express grant, implication, Estoppel or otherwise, create in either Party any right, title, interest, or license in or to the intellectual property (including but not limited to know-how, inventions, patents, copy rights and designs) of the other Party.
- 3.5 Failure of either party to enforce any of its right under this agreement at any time shall NOT constitute any violation of right.
- 3.6 This MoU is for the development of students, neither of the parties have any Rights, claims, Authority upon each other nor in any partnership with each other.

1. Preamble:

This memorandum of understanding thereafter referred to as MoU is prepared and executed on this 18 May 2020 at the Institute, Muffakham Jah College of Engineering and Technology, India.

The Coding Ninjas Pvt. Ltd. fondly called hereafter referred as '**Coding Ninjas**' with expression shall, where the contexts so admit include its successors and permitted assigns) and **Muffakham Jah College of Engineering and Technology, Telangana** (hereafter referred as

Muffakham Jah College of Engineering and Technology with expression shall, where the contexts so admit include its successors and permitted assigns) mutually agreed to establish an Institute-Industry collaboration for achieving organizational excellence in the field of Software Engineering. The objective of this agreement is to promote by / interaction by sharing expertise and resources in the areas of common interest for mutual benefits.

Muffakham Jah College of Engineering and Technology. has always focused on providing the best skills to Students in the field of Engineering and has successfully created a poMuffakham Jah College of Engineering and Technologyive impact in their lives. Coding Ninjas shares the same vision and has up-skilled students from more than 900+ colleges and univerMuffakham Jah College of Engineering and Technologys till now. A Memorandum of Understanding between Muffakham Jah College of Engineering and Technology and Coding Ninjas will ensure that both the parties arrive at a common platform to work towards their vision and increase awareness about the importance of Coding and Technical skills among the Student community.

2. Scope of collaboration:

This MoU shall stipulate the terms and conditions under which Coding Ninjas and Muffakham Jah College of Engineering and Technology shall engage with each other to undertake the following areas/ activities jointly with mutually agreed terms and conditions. The areas/ activities can be further expanded and diversified with the mutual consent of both the parties.

- a. A blended learning model wherein Coding Ninjas will help to enhance the learning process of Muffakham Jah College of Engineering and Technologystudents by providing a better learning management system and some industry standard content.

b. Coding Ninjas will provide a platform & training program with the following features completely **free of cost** which can be used to enhance the learning environment in college and will also encourage students to practice more programming questions and develop a deep understanding of the subject.

- Complete training for Python or Java programming languages.
- Students will solve more than 100 programming problems.
- Regular assignments to test learning of the students on the platform.
- Live 1-1 mentor support for students to get their doubts cleared in real-time while learning on the platform.
- Analytics dashboard for faculties to monitor student progress.
- Industry recognized certificates of completion & excellence for the students.

3. Role of Muffakham Jah College of Engineering and Technology:

1. Muffakham Jah College of Engineering and Technology. will encourage the faculty handling programming courses and students to effectively use the Coding Ninjas platform to enhance problem solving skills and to inculcate a coding culture among students.

4. Role of Coding Ninjas:

1. Coding Ninjas will provide all facilities mentioned in clause 2.
2. Coding Ninjas will provide accounts and training sessions for the instructors and students of Muffakham Jah College of Engineering and Technology to better use the platform provided who have enrolled for a programming course at Muffakham Jah College of Engineering and Technology.

5. Coding Ninjas Academia Collaboration Committee (CACC):

1. The following will constitute the coordination committee to monitor and review the collaboration programs between Muffakham Jah College of Engineering and Technology and Coding Ninjas.

**Muffakham Jah College of
Engineering and Technology**
Mrs. KM. Rajini

Coding Ninjas
Mr Harsh Agarwal

2. All the proposals will be presented to CACC and its advice will be treated as final recommendation for implementation, supervision and subsequent evaluation and completion of an activity or a collaborative exercise.

3. The decision / guidance of CACC may be treated as final in all technical and financial matters.

6. Financial aspects:

1. Coding Ninjas will provide all facilities mentioned under clause 2 completely **free of cost** for as many students as Muffakham Jah College of Engineering and Technology wants to enroll.

2. Both Muffakham Jah College of Engineering and Technology and Coding Ninjas agree that no legal or financial liability shall accrue in the event of force majeure conditions such as natural calamities, strikes, lockouts, civil, commotion, riot, accident or any other. Acts of God beyond the control of Muffakham Jah College of Engineering and Technology and Coding Ninjas to the agreement.

7. Content Rights:

1. The content/platform provided by Coding Ninjas is a property of Coding Ninjas and is made available to the students and faculty of Muffakham Jah College of Engineering and Technology under this collaboration. However, Coding Ninjas reserves the complete copyright of the Content provided. The content provided should not be distributed to other organisations or on public platforms without prior consent of Coding Ninjas.

8. Validity:

1. This MoU will remain valid for a period of **5 year** from the date of signing of the agreement with provision for yearly review by the CACC.

2. During the tenure of the MoU or thereafter, Muffakham Jah College of Engineering and Technology will be free to take similar or same type of work independently and will be free to enter into similar MoU with other parties.

3. The MOU tenure can be extended as mutually agreed.

9. Confidentiality Obligation:

1. During the tenure of agreement and thereafter, both Muffakham Jah College of Engineering and Technology and Coding Ninjas undertake on their behalf to maintain strict confidentiality and prevent disclosure thereof, of all the information and data exchanged/ generated pertaining to work under this agreement for any purpose other than in accordance with this agreement.
2. Both Muffakham Jah College of Engineering and Technology, Coding Ninjas shall protect the confidential information using the same degree of care it uses for its own confidential information, but in no event less than reasonable measures to prevent the disclosure and unauthorized use of confidential information of the other party.
3. Both the organizations cannot share any information relevant TO STUDENTS AND FACULTY MEMBERS for any business or personal purposes.

10. Resolution of Dispute:

In case of dispute or difference whatsoever arising between Muffakham Jah College of Engineering and Technology and Coding Ninjas relating to or arising out of this agreement, the same shall be settled through mutual consultation between the authorized persons of CACC.

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (hereinafter called as 'MOU') is entered into on this **01/06/2020** for the period of **3 years** by and between

Muffakham Jah College of Engineering & Technology, Road Number 3, Venkateshwara Hills, Banjara Hills, Hyderabad - 500034, Telangana, India. (Here in after referred as 'First Party', the institution which expression, unless excluded by or repugnant to the subject or context shall include its successors – in-office, administrators and assigns).

&

Green Olive Control Systems, #8-3-162/A/8, Sanjay Nagar, Yousufguda, Hyderabad, Telangana 500045 and represented herein by its Director **Mr. Md Aslam Shareef**, (hereinafter referred to as "Second Party", company which expression, unless excluded by or repugnant to the subject or context shall include its successors – in-office, administrators and assigns).

Company Name: Green Olive Control Systems

Company GST Number: 36ABIFM3481A1ZG

(First Party and Second Party are hereinafter jointly referred to as 'Parties' and individually a 'Party') as

WHEREAS:

- First Party & Second Party believe that collaboration and co-operation between themselves will promote more effective use of each of their resources, and provide each of them with enhanced opportunities.
- The Parties intent to cooperate and focus their efforts on cooperation within area of Skill Based Training, Education and Research.
- Both Parties, being legal entities in themselves desire to sign this MOU for advancing their mutual interests.
- Give related information, its branches ,and dimensional information about the industry concerned with whom the MoU is sworn.

PRINCIPAL
Muffakham Jah College Of
Engineering & Technology

NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTH IN THIS MOU, THE PARTIES HERE TO AGREE AS FOLLOWS:

CLAUSE 1 CO- OPERATION:

- 1.1 Both Parties are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations within the Institution and its related wings. The Parties shall keep each other informed of potential opportunities and shall share all information that may be relevant to secure additional opportunities for one another.
- 1.2 First Party and Second Party co-operation will facilitate effective utilization of the intellectual capabilities of the faculty of First Party providing significant inputs to them in developing suitable teaching / training systems, keeping in mind the needs of the industry, the Second Party.
- 1.3 The general terms of co-operation shall be governed by this MOU. The Parties shall cooperate with each other and shall, as promptly as is reasonably practical, enter into all relevant agreements, deeds and documents (the 'Definitive Documents') as may be required to give effect to the actions contemplated in terms of this MOU. The term of Definitive Documents shall be mutually decided between the Parties. Along with the Definitive Documents, this MOU shall represent the entire understanding as to the subject matter hereof and shall supersede any prior understanding between the Parties on the subject matter hereof.

CLAUSE 2 SCOPE OF THE MoU:

- 2.1 The budding graduates from the institutions could play a key role in technological up-gradation, innovation and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.
- 2.2 Curriculum Design: F i r s t & Second Party will share valuable inputs to the in teaching/ training methodology and suitably customize the curriculum so that the students fit into the industrial scenario meaningfully.
- 2.3 Skill Development Trainings: Industry and Institution interaction will give an insight in to the latest developments / requirements of the industries; the Second Party to permit the Faculty and Students of the First Party to visit its group companies and also involve in Industrial Training Programs for the First Party. The industrial training and exposure provided to students and faculty through this association will build confidence and prepare the students to have a smooth transition from academic to working career. The Second Party will provide its Labs / Workshops / Industrial Sites for the hands-on training of the learners enrolled with the First Party.

B.A.D-500 034.(T.S.)

- 2.4 Value Added Programs: Second Party to train the students of First Party on the emerging technologies in order to bridge the skill gap and make them industry ready. Both Parties have agreed to carry out the joint research activities in the fields of AI, ML, Data Science, Block Chain, Embedded Systems, IoT, VLSI, Electric Vehicle, Renewable Energy, Software Domains and any technology domains that the Second Party has expertise through
- 2.5 Research and Development: Both Parties have agreed to carry out the joint research activities in the a b o v e fields.
- 2.6 Guest Lectures & Faculty Development Programs: Second Party to extend the necessary support to deliver guest lectures and coordinate Faculty Development Programs to the Staffs and student community, who have / will enroll with the First Party on the technology trends and in house requirements.
- 2.7 Placement of Trained Students: Second Party will actively engage to help the delivery of the training and placement of students into internships / jobs.
- 2.8 Internship: Second Party will engage and train the students as per the industrial demands in terms on Internship Programs.
- 2.9 Projects and Research Work : Second Party will provide the necessary support to the student's community to complete their projects and the research works.
- 3.0 Both Parties to obtain all internal approvals, consents, permissions, and licenses of whatsoever nature required for offering the Programs on the terms specified herein

CLAUSE 3 INTELLECTUAL PROPERTY

- 3.1 Nothing contained in this MOU shall, by express grant, implication, Estoppel or otherwise, create in either Party any right, title, interest, or license in or to the intellectual property (including but not limited to know-how, inventions, patents, copy rights and designs) of the other Party.

CLAUSE 4 VALIDITY

- 4.1 This Agreement will be valid f o r a period of 3 years until it is expressly terminated by either Party on mutually agreed terms, during which period, either parties, as the case may be, will take effective steps for implementation of this MOU. Any act on the part of either parties after termination of this Agreement by way of communication, correspondence etc., shall not be construed as an extension of this MOU.
- 4.2 Both Parties may terminate this MOU upon 60 calendar days' notice in writing. In the event of Termination, both parties have to discharge their obligations

Hereinafter referred to as the Party of the Second Part [which term shall mean and include all its heirs, assigns, successors in interest, legal representatives, etc.]

WHEREAS, the party of the First Part is actively pursuing Research & Development in the area of indigenous drones to increase self-reliance for India and reduce the Defendant on external companies in other countries.

WHEREAS, in furtherance of the same, the Company has established to make Robust Hardware and Software products related to Robotics and Unmanned aerial vehicles, and the party of the First Part has been collaborating with the Government, Regulatory Authority and other experts in the said field.

WHEREAS, unmanned aerial vehicles also known as UAVs or drones have decentralized air space access, allowing agriculturists, construction workers and other civilian users to integrate areal monitoring into their daily work.

WHEREAS, advancements in the fields such as automation, robotics, miniaturization, materials science, spectral and thermal imaging have resulted in down enabled solution in areas as diverse as the agricultural, power, infrastructure and telecom structures as well as

WHEREAS, party of the Second Part is an Institute of Technology and Imparts education in various fields of technology.

AND WHEREAS, both the parties hereto are desirous of entering into this Memorandum of Understanding on research, product R & D and Internship.

NOW THEREFORE THIS MEMORANDUM OF UNDERSTANDING WITNESSETH AS FOLLOWS

That, the party of the First Part would be developing various products relating to drones and would be developing hardware and software, necessary for proper functioning of the drones.

That the party of the First Part would be sending the products that the party of the First Part would be developing for further sophistication of the said product by the party of the Second Part.

That the party of the First Part would be providing necessary Engineering support and requisite parts if need be.

That the party of the Second Part would use their infrastructure, faculty and students do tangible research work on the product with the party of the First Part sends to the party of the Second Part.

That the party of the Second Part will get a royalty on any product that the party of the First Part, commercializes which has been completely developed with the help of the party of the Second Part.

That if both the parties to this MOU apply for any grant together, a portion of the grant will be made available to the party of the First Part in the form of R & D budget which the party of the Second Part raises on joint work done by the parties to this MOU together.

That the party of the First Part can provide the party of the Second Part with certain drone components required which will be used solely for research purposes.

MEMORANDUM OF UNDERSTANDING (MOU)

This MOU is between Muffakham Jah College of Engineering & Technology (hereafter referred to as MJCT) and M/s. JALL Water Treatment Solutions PVT. LTD., a leading water and wastewater treatment company (hereafter referred to as JALL) for the jointly collaborating in the design of Civil Engineering works.

Muffakham Jah College of Engineering & Technology located at Road No.3, Banjara Hills, Hyderabad – 500 034, Telangana State, India is approved by AICTE (hereinafter referred to as College). M/s. JALL Water Treatment Solutions PVT. LTD.

Term & Conditions:

1. Nature of Relationship

- 1.1. This MOU is for collaboration between both parties, for mutual benefit, for the many purposes set out in Annexure – 1 to jointly work for treatment of water and wastewater.
- 1.2. This MOU shall be valid for 3 years from the date and each party shall be at full liberty to terminate the collaboration with a notice period of 3 months.
- 1.3. Both parties shall take all reasonable steps to ensure successful completion of the collaboration and cooperate with each other in duly carrying out the obligation agreed upon.

2. Mutual Obligation

- 2.1. This collaboration shall not be exclusive to both parties and shall not disallow each party from having similar collaboration with others. Except as expressly stated in this MOU, there shall be no obligation on any party to compensate the other in any manner to make any claim.
- 2.2. Each party shall meet the expenses between them as mutually agreed.
- 2.3. Each party shall respect the others intellectual property (IP) and shall not use any trade name, trade mark, symbol or designation belonging to the other, without prior written approval. No party shall hold out as an agent or representative of the other or create any liability for the other. The parties shall indemnify the other for breach of this clause.

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding ("MOU") is made this day the January 20, 2021

Between:

Company Ashira Labs Private Limited (ASHIRA COMPANY), H. No. 19, Silpa Brindavan, Shamshiguda, Kukatpally, Hyderabad-500072, Telangana State, India, herein after referred to as 'ASHIRA COMPANY'

AND

Muffakham Jah College of Engineering & Technology (MJCET), Road No 3, Banjara Hills, Hyderabad – 500034, India herein after referred to as 'MJCET'.

ASHIRA COMPANY and MJCET are jointly referred to as "Parties" in this MOU.

WHEREAS,

ASHIRA COMPANY and MJCET have expressed mutual interest in setting up a joint Incubation center at MJCET.

In consideration of the mutual obligations herein contained, the parties agree as follows:

Objectives:

1. ASHIRA COMPANY and MJCET will undertake joint research work in the areas of mutual interest.
2. ASHIRA COMPANY will help MJCET establish in creating a centre of excellence/innovation in Big Data & AI and related technologies by collaborating with faculty in writing proposals, and providing real-life projects.
3. The concerned scientists of ASHIRA Labs and R & D of MJCET will together formulate research projects.
4. Impart training to staff, students and technical personnel within the areas of cooperation without any financial implications.
5. Keeping the interest in view and objective of both the institutes, ASHIRA labs and MJCET may apply for joint projects under extramural grant.

Sharing of facilities and outcome:

Both ASHIRA COMPANY and MJCET jointly agree:

1. MJCET will provide space and basic amenities at free of cost at its premises for conducting research work. This lab will be made available for students and researchers of MJCET.
2. To share their respective research and development (R & D) facilities to carry out joint projects.

PRINCIPAL
Muffakham Jah College Of
Engineering & Technology
Banjara Hills, Road No. 3,
HYDERABAD-500034 (T.S.)

1

121

3. To share laboratory, research farm, library and other supporting facilities in the areas of joint research projects.
4. To approve the scientists of ASHIRA COMPANY to be members of Advisory committee for teaching and guiding students of MJCET.
5. To share research results and publish jointly in collaborative projects.
6. ASHIRA COMPANY will help prospective students to gain placement in highly reputed companies by providing them paid internship opportunities each year to work on the latest technologies.
7. ASHIRA COMPANY will collaborate with faculty continuously to establish centres of excellence in the latest technologies.
8. In case of projects not supported formally by the extramural grant, but otherwise by the two institutes, the parties may meet their respective expenses which they might incur while carrying out their respective obligation.
9. Neither of the parties shall claim usage of the facilities/software or other services as a matter of right. It would be subject to availability, but would not be ordinarily refused.

VALIDITY

This MOU is valid for three years from the date of its signing. Thereafter, this MOU may be renewed for such term and on conditions as may be agreed between the Parties.

No ASSIGNMENT

Neither party without the written consent of the other may assign either the benefit or the burden of this MOU.

TERMINATION

Either party may terminate the MOU for any reason by giving to the other party 90 days notice in writing. In case, if both the parties agree to terminate the MOU, in the ongoing research projects, students will be allowed to complete as per the already signed MOU and agreed obligations.

RENEWAL OF MOU:

In case there is nothing to the contrary, this MOU shall continue to get renewed after mutual consent of both the parties for the next term of three years after the completion of one term.

NOTICES

Notices would be deemed to have been given provided they are sent in writing by registered mail and a copy of the same will be e-mailed to either of the parties

The Participants intend to maintain the appropriate measures to protect the intellectual property rights arising as a result of the projects and cooperative activities carried out under this MoU.

VII. DISPUTE RESOLUTION

Any dispute with respect to the interpretation or implementation of this MoU will be amicably resolved through consultation and dialogue between the Participants and will not be referred to third parties for resolution.

VIII. LEGAL FRAMEWORK AND OBLIGATIONS

The Participants understand that:

- a) The intention of this MoU is not to create legally binding commitments between the Participants in either domestic or international legislation, and
- b) This MoU does not eliminate pre-existing arrangements or MoUs between the Participants or MoUs between other government agencies, scientific institutions, universities and industries.

IX. WORK PLAN

The Participants have decided to establish a Work Plan that will include programs and projects in the areas of interest set out in this MoU. Accordingly, the participants have decided to nominate the Academicians/ Officials/ Experts as members of the Joint Committee and hold the meeting of the Joint Committee, immediately thereafter.

X. ENTRY INTO EFFECT

1. This MoU will be in force from the date of the signature by Member Secretary, TSCOST, Hyderabad and Advisor cum Director, Muffakham Jah College of Engineering and Technology, Hyderabad.
2. This MoU will remain in effect for Two years from the date of its entry into effect and may be renewed for an equivalent period with the consent in writing of both Participants.
3. The Participants may amend or expand this MoU by mutual agreement by means of a proposal in writing. Either Participant may suspend this MoU at any time with ninety (90) days' notice in writing to the other Participant.
4. Suspension of this MoU will not affect the implementation of any existing project between the Participants.

ANNEXURE-I

PURPOSE SCOPE OF THE COLLABORATION:

Student/Education

1. Zedcon consultants will permit few batches of 3rd year civil Engineering students of MJCET to select and carry out the project work under the joint guidance.
2. Zedcon consultants shall from time to time participate/render guidance in the activities of technical orientation conducted by MJCET by way of guest lectures, technical seminars, workshops and other events for the benefits of the faculty, students, private and government organizations and practicing engineers in the local area.
3. Shall arrange to impart industrial training to a mutually agreed number of students for a maximum period of 30 days during May/June at their project sites or their associated companies.
4. Depute their executives to the college for campus interviews depending upon the necessity.
5. Permit civil engineering students of MJCET for industrial visits for a day to any of their project sites.
6. MJCET will depute their faculty and staff to Zedcon at their various projects for getting them acquainted for latest trends of construction.
7. MJCET will extend the services of their library, laboratories and workshop facilities for joint research and development on various technologies.

The aforesaid *institutions* are hereinafter referred to individually as *institution* and collectively as *institutions*.

1. Objectives of the MoU

The objectives of the MoU are:

- a) To promote and enhance academic research between BDRC and MJCET.
- b) To organize joint courses, conferences, seminars, workshops, etc.
- c) To encourage students of MJCET for internship or short term training at BDRC.
- d) To promote continuing education activities between the institutions.
- e) To facilitate joint Industry relevant Ph. D. Programme and Certificate Programme.
- f) To jointly submit Industry relevant Project proposals to Government agencies and collaborate in execution.
- g) To undertake joint collaborative research and development activities.

2. Technical Areas of Collaboration

- a) A Continuing education programme to improve quality of teaching/ research/training at MJCET.
- b) To provide academic interaction by delivering Special Lectures at MJCET and BDRC on topics of relevance to modern Industry.
- c) Organizing joint Workshops/conferences/Certificate Programmes and Personality Development Programmes for enhancement of skills in respect of Faculty, Staff and Students.
- d) Usage of BDRC Facility for MJCET students and faculty members registered at MJCET and BDRC.
- e) Guidance for enhancement in infrastructural development of MJCET.

3. Proposed Modes of Collaboration

MJCET and BDRC propose to collaborate through the following:

- a) Cooperation and promotion of education and training in areas of Forensic Sciences, Bioinformatics, Biotechnology, DNA Testing, Computational intelligence, Engineering in Medicine and Biology and related areas of mutual interest.
- b) Any other appropriate mode of interaction agreed upon between BDRC and MJCET.

The institutes depending upon availability of resources will work out a specific plan.

4. Terms and Conditions

- a) The cost of development of infrastructure at MJCET should be borne by MJCET.
- b) For continuing education to MJCET teachers and students, the financial arrangements will be made on mutually agreeable terms and conditions.
- c) For the visits related to advice and consultancy, travel and other expenses of BDRC Faculty and Staff shall be reimbursed by MJCET on mutually agreeable terms and conditions.

PRINCIPAL

Engineering & Technology
Banjara Hills, Road No. 3
HYDERABAD-500 034

2

- d) The faculty members and students of MJCET can use the library facility of BDRC for short-time and as per need.
- e) Usage of BDRC academic infrastructure can be allowed for limited period subject to its availability, after approval of the Head of the facility/department and Institute norms.
- f) Both institutions agree to help, identify and invite the faculty members and researchers from the other institutions to participate in conferences, workshops and short-term courses.
- g) This MoU may be amended, renewed and terminated by mutual written agreement of the *institutions* at any time. For this purpose, the joint decision of Advisor-cum-Director, MJCET and Director, BDRC will be taken as final.
- h) Either *Institution* shall have the right to terminate this MoU upon 60 days prior written notice to the other *Institution*.

5. Confidentiality

- a) The BDRC and the MJCET agree to hold in confidence all information/data designated by the *Institution* as being confidential which is obtained from either *Institution* or created during the performance of the MoU and will not disclose the same to any third party without written consent of the other *Institution*.
- b) The above confidential clause under this MoU excludes the information/data possessed by either *Institution* before entering into this MoU or independently developed and/or information already available through public domain.

6. Duration of MoU

This MoU, unless extended by mutual written consent of the *institutions*, shall expire in FIVE years after the effective date specified in the opening paragraph. However, on review, the MoU shall be extended for another TWO years by mutual consent.

7. Coordinators

Both *Institutions* will designate persons who will have responsibility for co-ordination and implementation of this agreement.

8. Intellectual Property Rights

The intellectual property rights (IPR) that arise as a result of joint research and collaborative activity under the agreement will be worked out on a case to case basis and will be consistent with the officially laid down IPR policies of the two institutions.

CONFIDENTIALITY AND NONDISCLOSURE AGREEMENT

This Confidentiality and Nondisclosure Agreement (the "Agreement"), entered into and effective as of **February 1, 2021** (the "Effective Date") is between:

Corning Incorporated, a New York corporation with offices at One Riverfront Plaza, Corning, New York 14831 (hereinafter, "Corning"), and

Muffakham Jah College of Engineering & Technology, an Indian educational institution with offices at Road No. 3, Banjara Hills, Hyderabad - 500 034, Telangana State, India (hereinafter "Recipient").

WHEREAS, Corning and Recipient desire to engage in discussions for purposes of: (i) investigating, developing, or furthering a research relationship between the Parties relating to materials characterization; and (ii) for Corning, to develop, make, use, offer for sale, and sell Corning materials and technologies (the "Purpose"); and

WHEREAS, in the course of discussions Corning will disclose to Recipient certain information that Corning deems to be proprietary or confidential; and

WHEREAS, Recipient agrees to protect such proprietary or confidential information in accordance with the terms of this Agreement.

NOW, THEREFORE, in consideration of the premises and mutual covenants hereinafter set forth, the parties, intending to be legally bound, agree as follows:

1. DEFINITION OF CONFIDENTIAL INFORMATION

For purposes of this Agreement, the term "Confidential Information" shall mean certain proprietary or confidential business or technical information, which is disclosed by Corning to Recipient from and after the Effective Date until the expiration of this Agreement. Confidential Information may include (although it is not limited to) product plans, product designs, cost data, product prices, raw material costs, customer information, financial results, marketing or strategic plans, business opportunities, research, development, know-how, personnel, specifications, drawings, software, data, samples, and prototypes, and all copies and derivatives prepared by the Recipient containing Confidential Information. Confidential Information may be transmitted on any kind of media including electronic, written, magnetic, or orally. If orally or visually disclosed, Corning shall endeavor to describe in writing the Confidential Information disclosed, noting the date of disclosure and shall deliver the writing to Recipient. However, Corning's failure to do so shall not relieve Recipient of its duty to maintain the disclosed Confidential Information as confidential.

2. USE OF CONFIDENTIAL INFORMATION

With respect to all Confidential Information disclosed hereunder, Recipient shall:

- a. protect received Confidential Information from disclosure to unaffiliated third parties

- with at least the same degree of care (but no less than a reasonable degree of care) as it uses to protect its own proprietary or Confidential Information of like kind from unauthorized use or disclosure; and
- b. limit the access to and dissemination of Confidential Information only to those individuals under its control and supervision or under the control and supervision of one of its Affiliates provided any such individuals must have a need for such information to fulfill the Purpose stated herein and have been notified of and agree to the obligations imposed by this Agreement; and
 - c. use received Confidential Information only for the express Purpose cited above; and
 - d. not reproduce received Confidential Information or incorporate it into derivative works or notes unless necessary to fulfill the Purpose, and in such case only if that Confidential Information continues to be identified as Confidential Information belonging to Corning.

3. EXCLUSIONS FROM DEFINITION OF CONFIDENTIAL INFORMATION

The foregoing shall not apply to any information that Recipient can show by competent evidence:

- a. was known to Recipient prior to the disclosure of that information by Corning; or
- b. is independently developed by or for Recipient without breach of this Agreement by persons who have not had access or been exposed to the Confidential Information; or
- c. was publicly available and readily ascertainable in substantially the same form at the time of disclosure, or became publicly available and readily ascertainable in such form without breach of this Agreement; or
- d. was or is publicly disclosed by the disclosing party, or is rightfully received by Recipient or one of its Affiliates from a third party without any solicitation and not subject to an obligation of confidentiality.

Specific Confidential Information disclosed by Corning shall not be deemed to come under the above exceptions merely because it is embraced by more general information which is or becomes subject to the above exceptions. In addition, any combination of features shall not be deemed to be within the foregoing exceptions merely because individual features are in the public domain or in the possession of the other party, but only if the combination itself and its principle of operation are in the public domain or in the possession of the other party. Further, Recipient shall not use or disclose Confidential Information in reliance on any of the above exceptions without first notifying Corning in writing of the information, and the basis for Recipient's intended reliance, at least fourteen (14) days in advance of that proposed use or disclosure.

4. REQUIRED DISCLOSURE

In the event that Recipient is required by law, regulation, or court order to disclose any of Corning's Confidential Information, the Recipient will notify Corning in writing prior to making such disclosure in order to facilitate Corning seeking a protective order or other appropriate remedy from the appropriate legal body. The Recipient further agrees that if Corning is not successful in precluding the requesting legal body from reviewing the Confidential Information, it will furnish only that portion of the Confidential Information

Corning Incorporated
Muffakham Jah College of Engineering & Technology
1 Way NDA
S&T/SP - TS

CW2195199

which is legally required and will exercise all reasonable efforts to obtain reliable assurances that confidential treatment will be accorded the Confidential Information.

5. DEFINITION OF AFFILIATE

"Affiliate" means for a named party to this Agreement any entity that directly or indirectly, (i) owns or controls, or (ii) is owned or controlled by, or (iii) is under common ownership or control as such party. As used herein, ownership or control of a corporation or any other entity requires the direct or indirect ownership of stock or other interest representing more than fifty percent (50%) of the voting power for the election or appointment of directors, managers, general partners, or similar officials of such corporation or entity.

6. DISCLOSURE OF INFORMATION TO AFFILIATES

It is contemplated that to achieve the Purpose of this Agreement, it may be necessary for Recipient to receive Confidential Information from Corning's Affiliates. In such a case, the Recipient shall treat such information as Confidential Information under this Agreement. Similarly, to achieve the purposes of this agreement it may be necessary for Recipient to disclose Confidential Information under this Agreement to Recipient's Affiliates, either directly or indirectly, provided the Affiliate has a "need to know" such Confidential Information in relation to the Purpose. Should any such Affiliates' employees receive Confidential Information pursuant to this Agreement, then Recipient will ensure that their Affiliates' employees keep such information confidential in accordance with the terms of this Agreement.

7. RECIPIENT'S CONFIDENTIAL INFORMATION

No information proprietary to Recipient shall be disclosed to Corning under this Agreement. All information, supplies, or equipment delivered to Corning by Recipient hereunder will be available for unrestricted use or replication by Corning without further compensation to Recipient.

8. RETURN OF CONFIDENTIAL INFORMATION

Recipient will, upon Corning's written request, promptly return any and all printed or electronic documents or tangible materials containing or embodying the Confidential Information received from Corning or its Affiliates, together with all copies or derivatives thereof, or certify in writing that all such Confidential Information has been destroyed. One archival copy of documents evidencing the Confidential Information may be retained by Recipient's counsel in a secure location for verification purposes only. Notwithstanding the foregoing, Recipient will not be required to identify or delete received Confidential Information held in archive or back-up systems other than in accordance with Recipient's general systems archiving or back-up deletion policies.

9. NON-ANALYSIS PROVISION

No compositional or structural analysis shall be made of any material or sample disclosed hereunder without written permission from Corning or its Affiliate. If such permission is granted, the results of any analysis will promptly be communicated to Corning or its

Affiliate, will be treated as Corning's Confidential Information, and will only be used with regard to materials or products of Corning or its Affiliate for the Purpose of this Agreement.

10. DISCLAIMER OF WARRANTIES

All Confidential Information and samples are being supplied on an "AS IS" basis with no warranties of any kind, express or implied, including any warranty of merchantability or fitness for a particular purpose, or that is free from the rightful claim of any third party, by way of infringement or the like. No representations have been made to the Recipient that the use of Confidential Information and samples will not infringe any patent or proprietary right of third parties.

11. WORK PRODUCT

Recipient agrees that any work of authorship, software, invention or discovery, whether patentable or not, including but not limited to methods, designs, apparatus, systems, products, compositions, made or conceived by an employee or agent of the Recipient either in the course of providing goods or services to Corning or conceived as a result of receiving Confidential Information from Corning under this Agreement ("Work Product") shall be and remain the property of Corning. Recipient hereby assigns all such Work Product to Corning. Recipient will cooperate with Corning to protect or register any intellectual property rights in any such Work Product and cause to be executed all papers reasonably necessary in the opinion of Corning to timely protect or register the intellectual property associated with any Work Product.

12. EXPORT CONTROLS

Recipient will not export or re-export any information furnished hereunder unless it complies fully with all regulations of the United States relating to such export or re-export. This information shall be handled in strict accordance with the U.S. export administration regulations, and the receiving party agrees to comply, and do all things necessary to cause its Affiliates to comply, with all applicable federal, state, and local laws including (but not limited to) the Regulations of the U.S. Department of Commerce and the U.S. Department of State relating to the Export of Technical Data, insofar as they relate to activities to be performed under this Agreement. In addition to the above, any diversion contrary to U.S. law is prohibited.

13. RIGHTS TO CONFIDENTIAL INFORMATION

Confidential Information remains the property of Corning. This Agreement does not grant (and is not intended to grant) to Recipient any warranty, license, or immunity under patents or other intellectual property rights.

14. WAIVER/REMEDIES

No failure or delay by a party in exercising any right, power, or privilege under this Agreement or enforcing any provision of this Agreement shall operate as a waiver thereof, nor preclude Corning from any later exercise thereof or the exercise of any other right, power, or privilege under this Agreement, nor seeking enforcement or any available remedy.

Corning Incorporated

Each party acknowledges that any injury due to the improper disclosure or use of Confidential Information may be irreparable. Therefore the injured party is entitled to seek an injunction to prevent the threatened or actual disclosure or use of Confidential Information in addition to all other remedies that may be available.

15. THIRD PARTY ENFORCEMENT ACTIONS

Recipient agrees to cooperate fully and promptly with Corning in the event any action to enforce the terms of this Agreement are necessary regarding the activities of any third party due either to Recipient's unpermitted disclosure hereunder, or (a) to protect any rights provided hereunder in law or equity regarding the Confidential Information, or (b) to remedy any injury resulting from the inappropriate or unauthorized disclosure or use of the Confidential Information by Recipient.

16. TERM

Unless earlier terminated, this Agreement shall remain in effect for a period of two (2) years from the Effective Date. Either Party may terminate this Agreement at any time upon thirty (30) days written notice, provided that all obligations relating to or affecting the protection, use, or disclosure of Confidential Information disclosed prior to such termination shall survive the expiration or termination of this Agreement, and shall continue in perpetuity.

17. SUCCESSOR OBLIGATIONS/ASSIGNMENTS

This Agreement is personal to and may not be assigned or transferred by Recipient without Corning's prior written consent.

18. RELATIONSHIP BETWEEN THE PARTIES

This Agreement does not create any agency, partnership, joint venture, employment, or independent contractor relationship between the parties.

19. OBLIGATIONS AFTER DISCLOSURE

Neither this Agreement nor the disclosure or receipt of Confidential Information shall create an obligation for either Party to make any further agreement or business arrangement, purchase products or services, or engage in any present or future marketing activities. This Agreement imposes no obligation to disclose Confidential Information, nor to purchase, sell, license, transfer, otherwise dispose of, or practice products, services or information.

20. AMENDMENTS

Any amendment or termination of this Agreement must be made in writing and signed by the parties. Any waiver of a provision of this Agreement must be in writing signed by the party making the waiver.

21. POINT OF CONTACT

The following persons will, on behalf of the respective parties, be responsible for the management and administration of this Agreement, including the transmittal or receipt of Confidential Information, notices and demands by any means, however, all Confidential

22. GOVERNING LAW

This Agreement shall be considered to have been entered into, and shall be construed in accordance with, the substantive laws of the State of New York (without regard to comity or conflict of laws principles) and the laws of these United States. The parties consent to personal jurisdiction in the appropriate forum within the State of New York to resolve any dispute arising from, or with regard to Confidential Information disclosed or used pursuant to, this Agreement.

23. ENTIRE AGREEMENT

This Agreement embodies the entire understanding between the Parties regarding the subject hereof, and supersedes all prior communications or agreements on this Purpose.

24. EXECUTION

Each party intends that a facsimile or a PDF of this Agreement shall be regarded as an original. Each party agrees that electronic signatures, whether digital or encrypted, of the parties included in this Agreement are intended to authenticate this writing and to have the same force and effect as manual signatures. This Agreement can be executed in any number of counterparts, all of which shall be taken to be one and the same instrument, for the same effect as if all parties hereto had signed the same signature page.

MEMORANDUM OF UNDERSTANDING (MoU)

BETWEEN

360digiri, HYDERABAD

AND

**MUFFAKHAM JAH COLLEGE OF ENMGINEERING & TECHNOLOGY,
HYDERABAD**

This Memorandum of Understanding (MoU) is entered into on the 07 day of April 2021 between 360digiri situated at S R Nagar, Hyderabad (Telangana).

360digiri's Sutra/Mantra is Education Simplified. 360digiri has a huge pool of young talented professionals to cut an edge thru IT solutions. They also deal with Campus Recruitment Training, Placement Program, Consulting for HR solutions and Overseas Education.

The company has a total of 500 clients and are presently dealing with 789 colleges.

And

Muffakham Jah College Of Engineering & Technology, Hyderabad (hereinafter referred to as MJCET), situated at Hyderabad (Telangana) is a private affiliated college under Osmania University, Hyderabad. MJCET was established in the year 1980 by SUES as a non-profit, un-aided minority institution to cater to the higher educational needs of the society with three undergraduate (BE) programs. The college is approved by AICTE and affiliated to Osmania University. Today, the college offers EIGHT Under Graduate (BE) Courses with a sanctioned intake of 780 and FIVE Post Graduate Courses with an intake of 102 students. The college has established OU Recognized Research Centers in five departments (Civil, CSE, ECE, EED and MECH) wherein 69 research scholars are presently pursuing Ph. D. In its 39 years of existence, MJCET has emerged as one of the premier institutes in the field of professional engineering education. The institute is housed in a sprawling echo-friendly campus in the heart of Hyderabad city.

The college has an active Research and Development Cell with a budget outlay of Rs. 15 lakhs to promote research initiatives among the faculty and students aimed at providing viable solutions to pressing problems facing the society.

The aforesaid 360digiri & MJCET are hereinafter referred to individually as *institution* and collectively as *institutions*.

1. Objectives of the MoU

The objectives of the MoU are:

- a) To promote and enhance academic research between *institutions*.
- b) To organize joint courses, conferences, seminars, workshops, etc.
- c) To encourage students of MJCET to come for internship or short term training at 360digiri.
- d) To promote continuing education and training activities between 360digiri and MJCET.
- e) To facilitate jointly relevant Ph. D. Programme and Certificate Programme.
- f) To jointly submit Industry relevant Project proposals to Government agencies and collaborate in execution.
- g) To undertake joint collaborative research and development activities.

2. Technical Areas of Collaboration

- a) A Continuing education programme to improve quality of teaching/ research/training at MJCET.
- b) To provide academic interaction by delivering Special Lectures at MJCET and 360digiri on topics of relevance to modern Industry.
- c) Organizing joint Workshops/conferences/Certificate Programmes and Personality Development Programmes for enhancement of skills in respect of Faculty, Staff and Students.
- d) Usage of 360digiri Facility for MJCET students and faculty members registered at MJCET and 360digiri.
- e) Guidance for enhancement in infrastructural development of MJCET.

3. Proposed Modes of Collaboration

MJCET and 360digiri propose to collaborate through the following:

- a) Cooperation and promotion of education and training in areas of mutual interest.
- b) Any other appropriate mode of interaction agreed upon between *institutions*.

The *institutions* depending upon availability of resources will work out a specific plan.

4. Terms and Conditions

- The cost of development of infrastructure at MJCET should be borne by MJCET.
- For continuing education to MJCET teachers and students, the financial arrangements will be made on mutually agreeable terms and conditions.
- For the visits related to advice and consultancy, travel and other expenses of 360digiri Faculty and Staff shall be reimbursed by MJCET on mutually agreeable terms and conditions.
- Usage of MJCET infrastructure can be allowed for limited period subject to its availability, approval of Head of the facility/department and Institute norms.
- Both 360digiri and MJCET institutions agree to help, identify and invite the members to participate in conferences, workshops and short-term courses.
- This MoU may be amended, renewed and terminated by mutual written agreement of the *institutions* at any time. For this purpose, the joint decision of Director, MJCET and Director, 360digiri will be taken as final.
- Either 360digiri and MJCET shall have the right to terminate this MoU upon 60 days prior written notice to the other *Institution*.

5. Confidentiality

- The 360digiri and the MJCET agree to hold in confidence all information/data designated by the *Institution* as being confidential which is obtained from either *Institution* or created during the performance of the MoU and will not disclose the same to any third party without written consent of the other *Institution*.
- The above confidential clause under this MoU excludes the information/data possessed by either *Institution* before entering into this MoU or independently developed and/or information already available through public domain.

6. Duration of MoU

This MoU, unless extended by mutual written consent of the *institutions*, shall expire in **FIVE** years after the effective date specified in the opening paragraph. However, on review, the MoU shall be extended for another **TWO** years by mutual consent.

7. Coordinators

Both MJCET and 360digiri will designate persons who will have responsibility for co-ordination and implementation of this agreement.

CONSIDERING the importance of science, technology and innovation in their economic and social development;

RECOGNIZING that both Participants are carrying out research, science and technology, and innovation activities in areas of common interest, and that joint participation in carrying out research activities on a reciprocal basis will be mutually beneficial;

SEEKING to facilitate further cooperation in research, science and technology, and innovation that expands and strengthens the implementation of cooperative activities in areas of priority to both the Participants and promotes the application of the results of this cooperation for the benefit of the development of both the Participants;

HAVE REACHED the following understanding:

I. OBJECTIVE

Importance of Technology and design in the Organic Solid and liquid waste management.

PARTICIPANTS

College faculty, students, and Enewate

APPLICATION

College premises, Enewate's projects, other sites as applicable.

TRAINING AND DEVELOPMENT

Students will be taken as interns and given practical knowledge by putting them on live projects, interact with stake holders to understand issues and methods to resolve them.

SCOPE

Wastewater management- study of existing technologies , problems and improvement areas

Solid waste management – Huge scope for Rural and urban areas for implementing Bio-methanation.

METHODOLOGIES

Primary research data collection, controlled alteration of components, observation and inference. Practical on the field training.

LAB FACILITY

Setting up a lab facility within the college, with the help of concerned department to measure the water quality parameters.

TECHNOLOGY

Use of advanced sensors, SCADA and other available technologies to give real time monitoring the ground conditions

FUNDING

Working with the college to approach Corporates for funding of projects where in Enewate is technology partners.

II. AREAS OF COOPERATION

1. Major cooperative activities will be centered in the areas mentioned below.
 - a) Joint R&D projects in the priority areas mutually agreed by both Participants
 - b) Coordination of Visits by, and exchanges of, scientists and technical experts, or academic specialists, including students and research scholars.
 - c) Joint organization of seminars, conferences, congresses, workshops and symposiums and support each other for these programs.
 - d) Science & Technology Interventions to solve location specific problems.
 - e) Dissemination of results and exchange of experience with respect to joint projects.
 - f) **Enewate Projects Private Limited** will extend research guidance in the areas of Science, Engineering, Technology and Management and will give guidance to UG, PG and Ph.D. scholars of **Muffakham Jah College of Engineering and Technology**.
 - g) Any other form agreed upon by the Joint Implementation Committee that takes into account the applicable policies and procedures in both Participants.
2. The Participants will also consider additional projects in other priority areas on recommendation of the Joint Implementation Committee established under this MoU.
3. The Participants may carry out joint cooperative activities with third parties in these and other areas.
4. The Participants will promote the participation of scientific and technological R&D entities in the cooperative activities under this MoU.

III. COORDINATION AND FACILITATION OF COOPERATIVE ACTIVITIES

1. The Director, Enewate Projects Private Limited, Hyderabad will coordinate, facilitate and implement the cooperative activities carried out under this MOU. The Advisor cum Director, Muffakham Jah College of Engineering and Technology, Hyderabad will coordinate, facilitate and implement the cooperative activities carried out under this MoU by Muffakham Jah College of Engineering and Technology, Hyderabad.
2. The MoU between the both the participants means to support the following:
 - a. Collaboration for green areas in college we should be vendor partner recycling solid and liquid waste.
 - b. Sessions or key notes for students by Enewate
 - c. Interns every year to serve in Enewate
 - d. Employment at Enewate for MJCET pass outs as available
3. The functions of the Joint Committee will be:
 - a) To promote, coordinate and monitor the cooperative activities under this MoU.
 - b) To consider the addition of other areas of priority to both Enewate Projects Private Limited and Muffakham Jah College of Engineering and Technology, Hyderabad
 - c) To promote meetings between Enewate Projects Private Limited and Muffakham Jah College of Engineering and Technology, Hyderabad to study and develop projects of common interest in areas of priorities of both Enewate Projects Private Limited and Muffakham Jah College of Engineering and Technology, Hyderabad.
 - d) To monitor the effective functioning and execution of this MoU.

IV. WORK PLAN

The Participants have decided to establish a Work Plan that will include programs and projects in the areas of interest set out in this MoU. Accordingly, the participants have decided to nominate the Academicians/ Officials/ Experts as members of the Joint Committee and hold the meeting of the Joint Committee, immediately thereafter.
